

Evening ROUNDS

PLICO EVENING ROUNDS

Join us as we provide a variety of topics regarding the current issues facing physicians and other healthcare providers. Topics important to the practice of medicine and strategies to manage both ongoing and newly identified risks faced by providers in this evolving healthcare environment will be discussed.

In light of the challenges of COVID-19, we will be live-streaming these events. In order to receive the 4% Risk Management premium credit and the *AMA PRA Category 1 CME™*, you must register, attend the **live-streaming** event and complete the evaluation process.
